TRUE STONE MASONRY

TEXTURES GUIDE
ARCHITECTURAL STONE & SURFACE COLLECTIONS

GETTING TO KNOW TRUE STONE MASONRY

True Stone Masonry is a family-owned architectural cast stone company based in Fort Pierce, Florida. With more than 20 years of experience, we deliver exceptional craftsmanship, premium materials, and personalized customer care.

We specialize in the design and manufacturing of high-quality cast stone, precast concrete, and architectural stone products. From custom pavers and columns to detailed interior and exterior installations, each piece is crafted to bring timeless character and durability to every project.

True Stone Masonry proudly serves residential, commercial, retail, and government spaces with services including:

GRADE 2

GRADE 3

GRADE 4

SANDED VS ACID WASH

Sanded finishes remove the top layer without exposing the aggregates, while Acid finishes erode the top layer causing more aggregate exposure. However, the difference is easier to tell by the feel of the finishes.

SANDED

ACID WASH

SANDED

ACID WASH
